

LED Retrofit Kit

SMALL - 25 WATT

25 Watt Small LED Retrofit Kit designed for various applications, including use with Energy Focus's LED Wallpacks for outdoor installations. Offers a fast and easy method of upgrading existing area lighting fixtures without the added cost of purchasing new fixtures.

FEATURES AND BENEFITS

- Can be installed in wall packs, show boxes, street lights, flood lights, and canopy housing
- High Lumen output with less wattage requirement compared to traditional lighting

PRODUCT SPECIFICATIONS

Product Number	LEDRFK-DW-VFL-SM
UL Rating	Dry location only. Complete installation exposure rating is dependant upon the integrity of the existing enclosure
Power	23W
Lumen Output	2400 lm
Efficacy	105 lm/W
Operating Temperature	-20 to 40° C
Power Factor	>0.9
CCT	5000K
Power Factor	>0.9
CRI	>70
Weight	Complete package = 2.3lb (36.8oz) LED Light Engine w/ yoke = .90lb (14.4oz) Driver = .85lb (13.6 oz) Main bracket = .55lb (8.8 oz)
Lifetime	50,000 hours (L70)
Input Voltage	100-240VAC, 0.5A 50/60 Hz 277VAC, 0.2A 50/60 Hz
Certification	CE, RoHs, UL, cUL, DLC (in full-cutoff fixture)
Warranty	5 Years
